# Our Products

## 1. Biscuit Meal

Biscuit Meal is a source of feed nutrition specifically designed to support the development of livestock with high nutritional content. This product is made from quality ingredients processed with modern technology to ensure each biscuit contains all the essential elements needed by animals.

With a balanced composition, Biscuit Meal not only provides sufficient energy, but is also rich in protein, essential vitamins and minerals. The nutrients contained in Biscuit Meal help improve the growth, health and productivity of livestock, be it cattle, pigs, goats, sheep or poultry.

No.	Parameter	Unit	Result	Limit of Detection	Method
1	Fat	%	11.55	-	SNI 01-2891-1992, point 8.1
2	Protein	%	11.14	-	SNI 01-2891-1992, point 7.1
3	Moisture	%	6.53	-	SNI 01-2891-1992, point 5.1

## 2. Copra Meal

Our focus in this business is trading high-quality copra meal at competitive prices in the national market. The copra meal we distribute has a high amino acid content, making it an excellent additive for livestock feed. The high cellulose content in every gram also addresses challenges in livestock feed production. The following are the complete specifications of our copra meal.

No.	Parameter	Unit	Result	Limit of Detection	Method
1	Aflatoxin	mcg/ kg	Not detected	0.0202	18-12-27/MU/SMM -SIG (LCMSMS)
2	Crude fiber	%	13.62	-	18-11-111/MU/SMM -SIG (Gravimetry)
3	Carbohydrate	%	54.13	-	18-8-9/MU/SMM -SIG
4	Total Calorie	Kcal/ 100 g	393.52	-	Calculation
5	Moisture content	%	9.12	-	SNI 01-2891-1992, point 5.1
6	Total fat	%	10.16	-	18-8-5/MU/SMM-SIG point 3.2.2 (Wellbull)
7	Calorie from fat	Kcal/100 g	91.44	-	Calculation
8	Ash content	%	5.20	-	SNI 01-2891-1992, point 6.1
9	Protein content	%	21.39	-	18-8-31/MU/SMM -SIG (Kjeltec)

# Why Choose Us?

CV Anugerah Inti Perkasa is committed to client satisfaction by adhering to the following business principles:

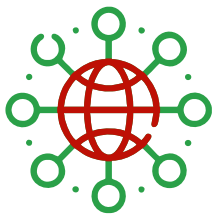

## Best Quality

We ensure that every copra meal product undergoes a high-standard processing procedure, guaranteeing optimal nutritional content for use as raw material in animal feed.

## Experience and Reputation

As a proven main supplier for leading livestock companies across Indonesia, we have established a strong track record for delivering consistent and reliable product quality.

## Extensive Distribution Network

Our distribution network spans various regions throughout Indonesia, and we continue to expand our market reach internationally to serve a broader customer base.

## Commitment to Sustainability

We are dedicated to environmentally friendly and sustainable production practices, guided by company policies that promote the conservation of natural resources and the welfare of livestock.
